

IT AFFECTS M'KINLEY.

Great Interest in the Republican State Convention.

NEXT YEAR'S DELEGATION.

Much Depends Upon the Action of the Committee on Credentials in Determining Its Composition. Several Contests.

Cincinnati, May 29.—The unusual interest in the Republican state convention at Columbus this week is due to its indirect effect on President McKinley next year, as well as to its direct effect on state factions and contending candidates this year.

In the earlier skirmishing there was talk about the possibility of a state administration that would use its power to secure an anti-McKinley delegation from Ohio to the Republican national convention next year. Since all but four of the 88 counties have selected delegates, it is found that about the only thing the delegates are unanimous upon is the indorsement of the national administration. All the candidates for other places on the state ticket, as well as that for governor, have had strong resolutions adopted in their counties for their delegates to indorse the national administration. Even the Kurtz-Bushnell-McKisson element announce that they are not against McKinley, but they are against Hanna and any candidate favored by Hanna.

It is still claimed by some that the result of the convention this week may determine what kind of a McKinley delegation will be sent from Ohio to the Republican national convention next year. It is conceded that much depends upon the committee on credentials next Thursday, so far as both this year and next year are concerned.

Cuyahoga county, the home of Senator Hanna, has 58 delegates and leads the list of contests with three different delegations. Hamilton county, the home of Senator Foraker, has the largest delegation, 86 votes, and it also has a dissenting delegation, as well as the one headed by George B. Cox.

While a big mass convention will be held here to protest against the manner in which the Cox delegation was selected, and to select 86 contestants, yet no members of the county committee will participate in it and it is thought that the Hamilton county contest, as well as some others, will be disposed of on prima facie evidence of regularity.

Such will not be the case with the contests from Adams, Allen, Cuyahoga, Highland and Preble counties, involving almost one hundred votes out of a total of 813, and possibly a balance of power. Some counties selected their delegates by mass conventions, others by delegate conventions, others by primaries, others by the county committee, others by a sub-committee of the county committee, and the complications that now confront the convention may lead to the adoption of some uniform system for the selection of delegates to state convention. The call of the state convention this year was on the "home rule" plan, leaving the method entirely with the county committees.

Iowa Swept by a Storm.

Cedar Rapids, Ia., May 29.—Terrible storms swept over this state. At Tama there was almost a cloudburst and much damage done. There was a small tornado near Keswick and five people were injured. The Chicago and Northwestern railroad sustained much damage. Between Watkins and Blairtown the track is in a dangerous condition, and several trains are tied up in this city. It is reported that the village of Dows was destroyed by a tornado.

Attacked by a Horse.

Toledo, May 29.—Mrs. Edward Cooper and her 2-year-old daughter of Findlay were fatally injured by a vicious horse. The horse first attacked the child and had it under its feet when the mother heard the screams and attempted to save it. The horse turned on her and she was knocked down and her head crushed and body badly stamped.

Desecration of Memorial Day.

Youngstown, O., May 29.—Tod Post, Grand Army, of this city has adopted resolutions protesting against baseball and kindred sports on Decoration day, and has appealed to the public not to patronize Decoration day sporting events, claiming that it is a desecration of the spirit of the occasion.

Distinguished Arrivals.

New York, May 29.—Among the passengers who arrived on the steamer Lauenberg from Matanzas were General Joseph P. Sanger and Colonel George R. Cecil.

CHOKED TO DEATH.

A Blacksmith Murders His Wife and The Attempts Suicide.

Allentown, Pa., May 29.—Frederick Ruppert, a blacksmith, 26, choked his wife to death and inflicted wounds upon himself from which he can not recover. The crime was discovered by neighbors, who heard words passing between the husband and wife. Ruppert chased her upstairs. Hearing nothing more, after four hours had elapsed, the neighbors notified the police. The wife was in bed fully dressed and marks about her throat showed that death was due to strangulation. Ruppert, in his night clothing, was found lying on the garret floor. He had slashed his throat and wrist with a razor and with a pocket knife had inflicted wounds in his breast. In addition he had crushed her skull with a hatchet. The couple had been married two years, and in that time had quarreled repeatedly.

Howard-Baker Feud.

Barboursville, Ky., May 29.—The assassination of Thomas Baker, principal in the famous Howard-Baker feud, will almost certainly revive the contest and the death of other members of the family may be expected at any time. Thomas Baker was under sentence to the penitentiary for life for having killed Sheriff White, but had been granted a new trial and was released on bond. Last Sunday he was fired on by unknown persons while seated on his porch at his home in Clay county, but the aim was bad and he was not hurt. On Thursday they killed him instantly. He has many friends, who may take revenge if they can discover his murderers.

Members of Boards.

Tiffin, O., May 29.—The general synod of the Reformed church heard reports of the various synods. Elder B. Wolf, Jr., Pittsburg, Pa., was elected treasurer. The following were elected: Board of home missions, Revs. John Bachman, Thomas J. Barkley, J. J. Leberman, S. R. Bridenbaugh, Elders James T. Reber, George W. Stein; board of foreign missions, Revs. J. S. Kiefer, J. I. Good, Jacob Dahlman, C. R. Dieffenbacher; Elder J. Y. Dietz, J. W. Apple; orphans' home board, Rev. Eli Keller, Elder H. Ankeney; Sunday school board, Revs. D. B. Lady, B. S. Stern, Lewis Robb, Rufus W. Miller, J. H. Bomberger.

Parting Instructions.

Washington, May 29.—"When you desire to re-enter the American military lines come prepared for an unconditional surrender. Otherwise you will not be admitted." This, in substance, it is said at the war department, is the parting message Aguinaldo's so-called peace envoys received when they left Manila on their way to Aguinaldo's headquarters. The foolishness of further negotiations with irresponsible leaders of defiant insurgents is at last fully appreciated by administration officials. The insurgents must be whipped into submission.

Suit Against Druggists.

St. Louis, May 29.—Under the state anti-trust law, Attorney General Crow entered suit in the circuit court to annul the charters of every retail drug company in the city with the exception of four. The suit was brought on the ground that the retail druggists who were members of the St. Louis Apothecaries' association had notified the St. Louis wholesale drug concerns not to sell to the four retail drug firms not members of the association, the penalty being the wholesalers would lose the trade of the association. The attorney general also sued to recover \$100,000.

Blasting Powder Explodes.

Pittsburg, May 29.—Seven men were injured in a powder explosion at Mine No. 2 of the Youghiogheny River Coal company, at Scott Haven, Pa. The men were badly burned, but all will recover, except William Baird, Jr., whose injuries are believed to be fatal. The explosion was caused by a match lighting an old stocking filled with blasting powder, which an Italian had carelessly thrown among the powder cans in a mine car in which the men were riding. The mine was not damaged.

Amazed at the Preparation.

Hongkong, May 29.—The correspondent gave to Admiral Dewey his first information that the city of New York will expend \$150,000 and the state of New York \$75,000, in giving a fitting welcome home to the hero of Manila bay. The admiral said: "I am amazed by such lavish preparations." Then he added: "I wish you would convey to the public my grateful thanks."

Reformed Church Synod.

Tiffin, O., May 29.—Celebration of Lord's Supper was held by the Reformed church general synod Sunday, conducted by Revs. C. S. Gerhard, B. S. Stern, J. D. Miller, J. Dehman, officers of the synod. The pulpits of all churches in the city were surrendered to the ministers appointed by synod.

DITCHED BY A DELUGE.

Disaster Overtakes a Flying Express in the West.

MANY KILLED AND INJURED.

A Cloudburst Washed Away the Roadbed, the Unsupported Tracks Piling Up Cars in Confusion. List of Casualties.

Waterloo, Ia., May 29.—The through train from Chicago to Minneapolis over the Rock Island and Burlington, Cedar Rapids and Northern railways was wrecked Sunday at the crossing of Sink Creek, about four miles southeast of this place. The train consisted of six coaches, including mail and baggage car, smoking car, two passenger coaches and sleeper. Nine persons were killed and 25 injured.

The list of the dead: E. L. Arnold, A. McLaughlin, Muskegon, Mich.; R. H. Schwette, Alton, Ill.; David Hall, Minneapolis; F. S. Carpenter, St. Louis; Hawkins, Pullman conductor; George Wainwright, train conductor; Will Schollan, Waterloo; one unknown person.

A cloudburst had washed the sand and gravel roadbed, leaving the track unsupported for a stretch of 20 feet. The rails and ties held together, and there was nothing to indicate the insecurity of the road. The engine struck the washout and was derailed in the ditch beside the track, and behind it the cars were piled up in confusion. The mail car tipped over and telescoped by the baggage car, behind, while the rear end of the baggage in turn telescoped the smoker. The roof of the sleeper ploughed its way through the day coach, while the lower half of the latter crashed through the sleeper. The engineer and fireman jumped from the train and escaped with slight injuries.

The news was brought to this city by a mail clerk, the fire whistle was blown, a switch engine and coach hastily prepared and a relief train went very speedily to the scene. The injured passengers were extricated from the debris and brought here. Another relief train soon arrived from Cedar Rapids and took a number of the seriously injured to be treated in the hospital in that city.

F. J. Day, Alliston, Ia., a passenger, said: "The train was running at good speed and at a point about three or four miles from Waterloo it left the track. The engine and baggage car were thrown about 10 feet. The engineer evidently had his engine under excellent control, as I never saw such a sudden stop. The smoker, where I sat, telescoped the baggage car and I found myself with the brakeman on the roof of the day coach."

Counterfeit Plate Found.

Washington, May 29.—Chief Wilks of the treasury secret service has received information from a special agent, William J. Burns, that he has secured the counterfeit face and back plates of \$10 legal tender United States note with the portrait of General Sheridan, made by Baldwin S. Bredell, the Philadelphia engraver, who, with his pal, Taylor, is under arrest, charged with being implicated in the wholesale counterfeiting scheme recently unearthed at Philadelphia and Lancaster, Pa. The plates were found at Snow Hill, Md.

Captured in Virginia.

Middlesboro, Ky., May 29.—M. D. Sampson, the alleged slayer of his wife, who died in terrible agony here, together with his 15-year-old son James, was captured in Lee county, Virginia. Sampson and his son tell conflicting stories. The coroner's jury rendered a verdict that death was directly due to gangrene, caused by a fall or blow with a heavy timber.

Tramp Killed.

Ashland, Ky., May 29.—Seven tramps were having a jubilee in the outskirts of town. Constable McIntire was sent for, and when he attempted to arrest one of them two of the tramps resisted the officer and a fight followed. The constable pulled his gun and shot one of the tramps, Jack Huff, to death.

Agreed to Disband.

Sagua la Grande, Cuba, May 29.—The generals of the Cubans in this district met here and adopted anti-Gomez resolutions. They agreed to disband their commands and to cause their arms to be surrendered to the alcaldes, but to accept no money for them.

Cause of Failure.

Coverack, England, May 29.—The attempt to float the American line steamer Paris failed chiefly on account of the leakage of the engine room tank. The sea is smoother and the damage to the steamer is apparently not increasing.

CUBAN SOLDIERS

Not Allowed to Receive Their Shares of Money.

Havana, May 29.—Not a soldier has thus far appeared at La Punta to receive the honorarium of \$75 allotted by the United States for the surrender of arms and disbandment of the men composing the Cuban army. At the hour set to begin the payment of the troops Major Francis S. Dodge of the paymaster's department, drove up with a 4-mule team with \$40,000 in gold and \$9,000 in silver. Six guards accompanied him. Colonel George M. Randall of the Eighth infantry was present as commissioner of the United States. General Ruiz Rivera, who was inducted into office of civil governor of Havana, there to receive the arms, with a representative of General Gomez, four or five Cuban officers and fifteen reporters were also present. Half a dozen American clerks, with the rolls of the American army, sat along the table at the headquarters of the Eighth regiment. A bag of gold was displayed, but there were no applicants for a share of it. At noon General Rivera left, remarking that it was wasting his time to stay there, and Major Dodge went to the Hotel Trocha to inform Governor General Brooke of the state of affairs. Four professed privates appeared at about 11:30 a. m. without arms, but as their names were not on the rolls they were not paid.

Captain Tilley Missing.

Washington, May 29.—General Greeley received a cablegram from Major Thompson at Manila reporting that a party landing for the repair of the cable at Escalante, Island of Negros, had been treacherously attacked by natives, that Captain George H. Tilley, signal corps, is missing, and that the worst is feared. Tilley's services in the Philippines have been marked by such ability, courage and zeal that his superiors placed him in the foremost rank of subordinate officers. The cable operations referred to are not those of the signal corps, but of the Eastern Extension Cable company that has been permitted to repair and replace certain cables in the Visayan islands.

Young Men's Christian Association.

Grand Rapids, May 29.—Delegates who have been attending the Young Men's Christian association international biennial convention filled the pulpits of nearly all the churches here and the seating capacity of many buildings was tested for the first time. A general massmeeting for men only was held in the Auditorium, with an address on "Why Are Not More Young Men Becoming Christians?" by S. M. Sayford of Boston.

Jumped From the Brooklyn Bridge.

New York, May 29.—Howard Kretz, 22, who says he is an art student of the Academy of Design in this city, made a startling and successful jump from the Brooklyn bridge, and came out of the river uninjured.

Judge Mackey Dead.

Sandusky, O., May 29.—Judge John Mackey, 82, one of the oldest and foremost lawyers in this section of Ohio, and at one time a common pleas judge here, is dead.

No Trace of the Kidnaped Child.

New York, May 29.—Captain McCluskey of the detective bureau said that no information of the missing child, Marion Clark, had been obtained.

HARASSING AMERICANS

Wet Season Gives Filipinos New Lease of Life.

ANNOYING ACTIVITY SHOWN

Troops Kept in the Trenches Sleeping in Their Clothing, and Life Made Warm For Yankee Garrison in the Towns.

Manilla, May 2.—The approach of the wet season finds the insurrection seemingly taking a new lease of life.

All along the American lines the Filipinos are showing more aggressive activity, in their guerrilla style, than at any time before since the fall of Malolos. They keep the United States troops in the trenches, sleeping in their clothing and constantly on the alert against dashes upon our outposts, and they make life warm for the American garrisons in the towns.

The bands of General Luna and General Mascardo, which retreated toward Tarlac when they feared they would be caught between General MacArthur and General Lawton, have returned in force to their old trenches around San Fernando, where there are daily collisions. Opposite our lines on the south protecting Manilla, all the way around to San Pedro Macati, the Filipinos have three rows of trenches most of the distance.

Reports from prisoners indicate that the insurgents construe the peace negotiations to mean that the Americans have had enough of fighting. The Filipinos are also encouraged by the belief that the Americans are preparing for an interval of inactivity during the wet season. This period is sure to be followed by much suffering. Thousands of acres that were under cultivation last year have not been plowed this year, and the government will probably be obliged to feed thousands, just it fed the Cubans.

Friendly natives, Amigos, continue to pour into the American lines by land and river routes, coming from the territory of insurrection into the country where the passage of the two armies have lain and practically throwing themselves upon the charity of their conquerors. Such able-bodied men as are not in the Filipino ranks have been kept by the insurgent leaders to dig trenches, and old men, women and children from the mass of the refugees. These are doing some plowing, but they will be confronted with hunger before they can realize any subsistence from their crops.

The United States army has organized a system of distributing rice at Malolos and some of the smaller towns, where Filipino stores were captured; but the latter will soon be exhausted.

Accident at Sea.

Cape Henry, Va., May 29.—The tug James Smith, Jr., which left Newport News for New York with the coal laden barges Belle of Oregon and Caravan, was towed into port by the tug Maude with machinery deranged. Both barges were left stranded on the middle ground off Cape Henry, but later the Belle of Oregon was towed to a safe anchorage by the pilot steamer Pilot. The Caravan sank and her crew was taken to port by the Pilot.

Production of Coal.

Washington, May 29.—The statistics of the production of coal in the United States during 1898 show that the total production of all kinds of coal in 1898 reached the enormous figure of 219,835,993 short tons, an increase of nearly 10 per cent over the output in 1897. Great Britain's product in 1898 was 226,287,312 short tons, a slight decrease from 1897. Practically all of the increase in production in the United States was in bituminous coal.

North Atlantic Squadron.

New York, May 29.—The ships of the North Atlantic squadron—the cruiser New York and the battleships Texas, Indiana and Massachusetts—Admiral Sampson commanding, sailed for Newport, R. I. The squadron will take part in the inauguration ceremonies of the governor of Rhode Island. The squadron will use Newport as the base of the summer evolutions, and will engage in practice cruises.

General West Dead.

Athol, Mass., May 29.—Brigadier General George W. West is dead at the age of 67 years. At the breaking out of the civil war he enlisted in the Fifth Massachusetts, but resigned to accept a captaincy in the Tenth Maine volunteers. He became colonel of the Seventeenth Maine, and was promoted to brigadier general for bravery at the battle of Antietam.

In acting on a petition to pardon John D. Young of Bath County, recently sent up for killing Pliny Fassett, Governor Bradley indorsed on the papers: "Three juries have said the defendant was guilty. NO JURISDICTION.

Court of Appeals 'Knocks Out the Fleming Circuit Court in a Building Association Case.

FRANKFORT, Ky., May 25.—The Court of Appeals to-day overruled the motion raising the point that the Fleming Circuit Court had jurisdiction in the cases of the Louisville Saving, Loan and Building Association vs. Harbison, Judge. The association asked a writ of prohibition. In delivering a response Chief Justice Hazelrigg says: "It may be that the business of the corporation, if its affairs are in process of liquidation, or if the corporation is insolvent, can be wound up and the equities of all the stockholders adjusted to better advantage in a single suit in Jefferson County, where its home office is located; but if it is made to appear in these Fleming County suits, brought to recover usury, that the borrowing members have heretofore received or been credited with the full book stock, without regard to the embarrassed or insolvent condition of the concern, it may be they can be required to bear their proportion or share of the losses, at least to the extent of, if not beyond, their alleged claim of usury. It is to be kept in mind, of course, that if the demand for usury is barred by time, so is the corporation's demands that the members share the losses."

WILL FIGHT THE CASE.

Directors of Maysville and Lexington Turnpike Employ Counsel and a Legal Battle is Promised.

[Lexington Herald.]

President Bullock and the Board of Directors of the Maysville and Lexington Turnpike Company held a meeting at the court house Friday afternoon and discussed the injunction brought against them several weeks ago by Colonel W. W. Baldwin, the deposed President of the road. It was decided to employ counsel to fight the injunction proceedings and accordingly the firm of Bronston & Allen and Mr. W. W. Worthington were employed.

Judge Bullock said that the board had decided to fight Mr. Baldwin to the bitter end, since he had acted as he has about the sale of the stock. A long legal battle is expected. Colonel Baldwin is about to institute mandamus proceedings against the State to compel it to withdraw the turnpike stock and collateral held by it on his notes in payment for stock aggregating about \$10,000. Colonel Baldwin requested the Sinking Fund Commissioners to withdraw the stock and collateral and they refused, and now mandamus proceedings are threatened.

THE STREET FAIR.

It Closed Saturday Afternoon With a Big Crowd in Attendance.

It Was Well Attended Throughout and Was a Success—Additional List of Premiums.

The street fair closed Saturday afternoon, and Maysville's first experience in this line can be put down as a success, at least in point of attendance, as there was a big crowd out each day. It was a laughing, joking, good-humored crowd, too, and the best of order prevailed. Some thefts were reported, but pickpockets always seek just such occasions for plying their trade. As soon as it was known they were "operating" in the crowd the local police promptly landed all suspected parties in jail on charge of loitering. Only two thefts were reported Saturday. Miss Ollie Fant, of Flemingsburg, had an elegant gold enameled pin with a solitaire diamond setting stolen while on her way from Mr. J. W. Elgin's home to the L. and N. station. She did not miss the pin until she reached the station, and she then remembered that a man whom she supposed was drunk had staggered against her in the crowd. No clue has been obtained to the thief. The other case was that of Squire C. W. Williams, of Mayslick, who was "touched" for a pocketbook containing about \$60 cash and notes amounting to about \$400.

Following is an additional list of premiums awarded.

McClelland & Parker: \$5 in gold for the finest turnout. Mr. Wm. McClelland furnished the team and Mr. John T. Parker the rig.

James Pollitt: the premium for the worst turnout.

H. L. P. Cooper, of Aberdeen: \$25 in gold for the customer making largest purchase at John I. Winters' store during the fair. Mr. Cooper's purchase amounted to \$180.75.

John Power: case of Milwaukee beer given by John Brisbois and box of "Honey Bee" cigars given by E. A. Robinson & Co. for best suckling colt.

Wells & Biggers: the two-horse Limestone plow given by the James H. Hall Plow Company, for best pair of draught horses.

G. K. Winters, Minerva: the \$10 in gold offered by the Fair Committee for the best all purpose stallion. There were two other entries, S. R. McCain, of Bracken, and Mr. Wood, of Helena.

The Committee on Awards has not yet completed its list of premiums.

CARD OF THANKS.

The committee wish to thank the incomparable Maysville Band for the abundance of good music rendered during the three days of the street fair. They certainly did do themselves proud and they have our heartfelt thanks.

We also wish to thank our painstaking Mayor, Police Judge, Chief of Police and assistants for courtesies extended.

Our thanks are also due to the General Premium Committee, Messrs. C. C. Hopper, A. F. Respass and Claude Forest, and to Special Premium Committee, Messrs. J. C. Everett, John Gabby and J. W. Fitzgerald for the diligent and efficient manner in which they performed their duties.

Our especial thanks are due to the BULLETIN and Ledger for many favors rendered.

Concluding, we thank all in any way contributed to the success of Maysville's Street Fair.

THE fourteenth annual session of the Kentucky State Homeopathic Medical Society adjourned Thursday to meet in Paris next May. The following officers were elected for the ensuing year: Dr. H. B. Kastleman, of Midway, President; Dr. J. T. Vansant, of Paris, Vice President; Dr. J. W. Kirschbaum, of Danville, Treasurer, and Dr. Fred E. Peck, of Augusta, Secretary.

THE BULLETIN acknowledges the receipt of a very kind invitation from Mr. John I. Winter, the Price Fighter, to attend his fourth annual Deering picnic and banquet which will take place next Thursday. There will be a big street parade by his customers who have purchased Deering binders, mowers and hay-rakes, to be followed by a banquet at the St. Charles Hotel.

JAMES FENTON, aged sixty-five years, residing near Lynx, Adams County, suffered a stroke of paralysis Thursday which resulted in his death a few hours later. A remarkable coincidence in connection with Mr. Fenton's death is that within a few minutes of the time he was stricken a telegram was received from Pittsburg, Kan., announcing that a brother, William Fenton, had also suffered a paralytic stroke and was not expected to live.

A SPECIAL from Owingsville says a mysterious and fatal disease has broken out among the fat cattle of the farmers of Flat Creek neighborhood. The disease manifests itself by copious frothing at the mouth and then the animal becomes apparently crazy, rearing and plunging and running over any obstacle in its way. This is followed by exhaustion, when death ensues. Bob Gatewood, George and James Hamilton and John Hughes have lost several fine export cattle in this way within the last day or two.

BRIEF mention was made Saturday of the death of Mrs. Willie Black, of Cincinnati. Deceased was a sister of Hon. E. L. Worthington, of this city, and was the widow of Willie Black, the wealthy tobacco broker, whose tragic death caused intense sorrow years ago. Mrs. Black leaves two children, Mrs. Dillard Cooper, of Minneapolis, and Mr. Claude Black, both of whom were present when the end came. The interment took place at the Highland Cemetery this morning.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

FARM FOR SALE.

Having decided to sell my farm, I offer at private sale one of the best farms and prettiest homes in Central Kentucky. Said farm is on the Jackstown turnpike, four miles from Paris, four miles of Millersburg, and within one mile of three stations on the Maysville railroad. It contains 329 acres, 150 acres of grass, and in a high state of cultivation. The dwelling is a two-story brick with ten rooms, and is one of the best built houses in Kentucky. There are two barns, two cabins, work shop, granary, buggy houses, coal and wood houses, and every building needed on a well regulated farm. Plenty of fruit of all kinds and never failing water. This farm will have to be seen to be appreciated. Terms easy.

The Bee Hive

10c Lawns at 6 3-4c.

We purchased this lot of Lawns direct from the makers, Wm. Simpsons Sons & Co. These goods are jobbed at 7 1/2c. and they retail the country over at 10c. a yard. We succeeded, through a fortunate circumstance, in getting three cases—one hundred and seventy-four pieces—at our price. Every style is absolutely new. They come in stripes, checks, polka dots and figures, with blue backgrounds and flowered organdie effects. By great odds these are the cheapest Lawns ever seen in Kentucky—6 3/4 instead of 10c.

Prettiness in Parasols.

And durability, too, is well illustrated in our Parasol stock. You'll find them in all shades of solid colors, some ruffled, others with wide or narrow borders, and then, too, there is a beautiful line made of heavy striped corded silk. Prices range from \$1 to \$4.95. Children's Parasols from 14c. to \$1.

IN SOCIAL CIRCLES.

The Home of Mrs. E. C. Phister the Scene of a Brilliant Reception, Saturday Afternoon.

The home of Mrs. E. C. Phister, which is just out of the hands of the decorators, was a thing of beauty last Saturday afternoon to welcome the friends who responded to invitations bearing the names of Mrs. Phister and Mr. and Mrs. Thomas R. Phister. The color scheme was pink and lavishly carried out in roses, colored lights, the refreshments and the costumes of those assisting.

The first in the receiving line was Mrs. Phister, gracious as ever, and looking regal in an elegant gown of heavy black silk, with exquisite point lace and diamonds; bouquet de corsage of white roses. All society is delighted to see Mrs. Phister resume her place, from which she has been sadly missed of late.

Mr. and Mrs. Thomas R. Phister stood next, the latter gowned in old gold and blue brocade and holding pink roses.

Miss Wurts, dresden organdie over lavender silk, white roses.

Mrs. Conrad Phister, in an exquisite reception gown of pale gray cloth and white mouslin de soie, bridesmaid roses.

Mrs. A. A. Wadsworth, in lavender organdie over silk.

Miss Phister presided most charmingly in the dining room, assisted by Misses Hocker, Frazee and Barkley, gowned in pink and white organdie respectively.

There was quite a crush, one hundred and fifty invitations having been issued; and the beautiful rooms filled with beautiful women in beautiful toilets presented a scene not easily forgotten.

JOHN ROBINSON has scored an artistic scenic triumph in the spectacle of Solomon and the Queen of Sheba. His big show will appear here Wednesday.

THE TIGER TOBACCO TRANSPLANTER.

Makes the farmer absolutely independent of the weather. He sets his plants when he gets his ground ready, rain or shine. The superiority of the Tiger over all other Transplanters has been plainly demonstrated during seasons of severe drouth, when experiment proved it to be the only machine that could be depended upon to give a good stand of plants under any and all weather conditions. With the TIGER the plants are properly set. The roots are in the puddle formed by the water, loose earth being forced down around and above the plant. In effect the water valve on the TIGER stands still at each hill long enough to pour the water precisely where it is wanted—a feature that cannot be duplicated by any machine devised by man. THE TIGER PUTS THE WATER JUST WHERE IT IS NEEDED—AT THE ROOTS. There are many superior points on the TIGER that makes it far ahead of any other Transplanter ever put on the market. We ask your inspection of same and that you place your order at once, as the factory could not supply the demand last season and we, ourselves, were only able to get a portion of our orders filled. So do not delay, but place your order with us at once, that we may be able to supply you before our stock is exhausted. Remember first come first served.

THE SHOE FACTORY.

Information Needed as to the Number of Hands the City Can Furnish.

Before the question as to the reopening of the shoe factory here and operating it on a larger scale can be settled, it is necessary to ascertain how much labor Maysville can furnish for the enterprise. Lists have therefore been opened at M. C. Hutchison's and Rees Wallingford's stores in the Sixth ward, Armstrong & Son's store in Fifth ward and all the drug stores down town, where information as to the number of hands can be left. Let girls and boys and others who are willing to work leave word at once at one of the places named. It's not necessary to be a skilled hand; you can learn the trade.

If the factory is established between 400 and 600 hands will be needed.

Will Seek a Mandamus.

FRANKFORT, Ky., May 25.—The Board of Sinking Fund Commissioners held a meeting this afternoon to consider a request of Col. W. W. Baldwin to withdraw the turnpike stock and collateral held by the State on his notes to the State in payment for stock aggregating about \$10,000.

The board refused, and mandamus proceedings will likely be instituted by the ex-Turnpike King.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

The mother who would be horrified at the thought of letting her daughter wander away to a strange country without guide or counsel, yet permits her to enter the unknown land of womanhood without counsel or caution. Then, in utter ignorance, the maiden must meet physical problems whose solution will affect her whole future life. Dr. Pierce's Favorite Prescription has been well named a "God send to woman." It corrects irregularities and imparts such vigorous vitality to the delicate womanly organs, as fits them for their important functions. Many a nervous, hysterical, peevish girl has been changed to a happy young woman after the use of "Favorite Prescription" has established the sound health of the organs peculiarly feminine.

Every woman should own a copy of the People's Common Sense Medical Adviser, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. The same book of 1008 pages in substantial cloth for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE VERY FINEST.

A Description of the C. and O.'s Elegant New Pullman Palace Sleepers.

Mention has been made that the Chesapeake and Ohio has just received from the Pullman Company, and put in service on the F. F. V. limited, four sleepers that are among the finest specimens of the car builders' art.

These new cars are named the Rapidan, Kanawha, Greenbrier and Rappahannock, after four rivers in Virginia.

The Rapidan, which made its initial trip Wednesday, is in every particular built and finished like the other three sleepers, so that a description of the Rapidan describes the other cars.

The Rapidan is seventy-two feet in length and is mounted on trucks carrying twelve paper wheels with steel tires. The exterior is painted the standard orange of the C. and O., with gold decorations and the name in gold. The windows are large and at either end of the car on the sides are four cathedral windows with stained glass. The car is, of course, vestibuled. The car has twelve sections, a drawing room and smoking room. The main body interior is finished in vermillion wood, with artistic decorations and paneling. The ceiling is a light chocolate color, with gold decorations. From the ceiling is suspended five silver lamps with slightly frosted globes. Each of these globes contain four electric lights of sixteen candle power, each giving a light of 320 candle power, which makes the car the best lighted car in the service. The light, supplied in an ordinary gas light car, is a total of 200 candle power, while the best electric lighted car heretofore had a total of 232 candle power. It is so arranged that if the electric light fails gas can be used.

The smoking room is finished in old English oak. The ceiling is done in a rich maroon color, and the portieres and hangings match the ceiling, as do also the three leather covered divans. The smoking room also contains a double and single washstand with nickel plated bowls.

In the main body of the car the carpet, curtains and hangings are blue and blue and gold, harmonizing perfectly with the embossed blue plush with which the seats are upholstered.

The ladies' toilet room contains two handsome washstands, a dressing table with a large mirror, and a comfortable willow chair. The stateroom is finished and furnished in keeping with the rest of the car. The car is equipped with electric call bells and all the latest improvements.

Akron, O., May 29.—The Northern Traction company was formally organized here. It will be capitalized at \$3,000,000. This corporation is the result of the consolidation of the Akron Traction and Electric company and the Akron, Bedford and Cleveland Railroad company.

COMMISSIONER'S SALE.

MASON CIRCUIT COURT. Plaintiff, Frank S. Owens' adm'r, Against, Frank S. Owens' Heirs, &c., Defendants. In obedience to a judgment and order of sale of the Mason Circuit Court, rendered in the above mentioned cause at the February term, 1899, I shall, on

THURSDAY, JUNE 1, 1899,

at 2 o'clock p. m., on the premises, proceed to sell at public auction, to the highest bidder, on a credit of six, twelve and eighteen months, the following real property, to-wit:

First—The House and Lot lately occupied as the family residence of Mrs. Frank S. Owens, deceased, situated on Front street, between Grave Alley and Wall street, in city of Maysville, Ky., fronting 40 feet, more or less, on Front street and running back 135 feet, more or less, to Zweigart's line. Said residence is a two-story brick in first class repair and contains eight rooms, hot and cold water and all modern conveniences and appliances.

Second—That certain lot fronting fifty feet on the south side of West Second street, formerly Maysville and Germantown pike, in the city of Maysville, Ky., and extending back, same width, to Third street and bordering on west side of Schulz street.

Third—Also at same time and upon last above mentioned premises, a tract of 640 acres of land in Lynn County, Texas, known as survey No. 33, block A 1, situated about ten miles S. 60° W. from the center of Lynn County and being same that was located by virtue of land scrip No. 1442 to T. C. Read, assignee, of Eastline and Red River Railroad Company.

The purchaser must be prepared to promptly execute bond, with approved security, for the purchase price, which bond shall bear legal interest from day of sale until paid.

J. N. KEHOE, Master Commissioner.

COLONEL FREMONT IS HAPPY.

YES, IT'S A LLOVER NOW

The rush, the crush, the crowded streets, the din, turmoil and excitement attending our Street Fair is at an end. It was a great success, and Colonel Fremont is happy—everybody seemed to have a good time. Having seen the sights, the farmer boy will go back to his plow—which prompts us to remind the public that the Frank Owens Hardware Company are city agents for The James H. Hall Plow Company's celebrated Limestone Plows, and have also a large line of Ice Cream Freezers, Screen Doors, Tobacco Hoes, Rakes, Forks, and all kinds of Garden Tools, which we will take pleasure in showing.

The Double-Shovel Plow Given By Our House Was Awarded to Henry Bricker, of Brown County, O.
